			14:45	midnight		
Mon	10.31	6:06	midnight	08:42	17:23	
			15:57	midnight		

Notes:

II. Tidal flat activities should be conducted with the company from personnel familiar with the local sea area; you should not go alone in order to ensure your own safety.

III. The trails for tidal flat activities are covered in gravels, and are slippery wet, it is recommended to wear anti-slippery rubber shoes or sneakers for the activities. Please do not wear slippers or sandals in order to prevent slipping down or the soles of the feet been hurt.

IV. Please watch out for the weather conditions, the Monrning and evening tides, as well as the marine meteorology all the time; in case of emergencies, please return to the shore A.S.A.P. in order to prevent dangers from occurring.

V. In order to conserve the marine ecology for sustainable management, please do not capture organisms and steal sandstones which will result in damaging the geology at the tidal flat; those in violation to the rules will be prosecuted.
